

PS72-BT6 Instructions

WORKS with
**Samsung,
Blackberry,
Nokia, LG, HTC
and more!**

- ① **Insert Battery** *(included)*
Use Rayovac CR123A battery for
10-year shelf life performance.

Move switch to **ON** position.
When not in use switch must
be in the **OFF** position.

- ② **Connect Charger to Phone**
Charging will complete in
30-40 minutes.

You can stop charging at any time
to save remaining battery charge.
Charger may become warm
during use. This is normal.
