

DIFFUSER

ILLUMINATE *the* MOMENT™

Dear Valued Customers,

Thank you for purchasing the ILLURE® Diffuser Flame pillar candle featuring our patented LUMI360® natural moving flame and 360° inner glow technology. As with any traditional candle, care is required to maintain your ILLURE® Candle. For best performance, please take the time to read the instructions inside.

Thank you for choosing our product.

**RECHARGEABLE BATTERY MAINTENANCE**

18 hours of battery life per one full charge for the Lithium Ion Battery.

- Your candle requires an AC adaptor and plug (Included).
- Turn candle over plug in the adapter for charging.
- While charging the indicator light will be red.
- Once fully the charged the indicator light will turn green.

**OPERATION**

The toggle switch is divided into 3 modes.

1. OFF (The whole machine is turned OFF).
2. ON (The whole machine and the flame lamp are turned ON. The default working mode of the aroma diffuser is OFF. The remote control function can only be turned on when the machine is turned on by the toggle switches.)
3. Timer (The flame lamp and the aroma diffuser will work at the same time. The default working mode of the aroma diffuser will be M1. The whole machine will be ON mode for 5 hours, then stops for 19 hours automatically.)

The remote control (included) function can only be turned on when the toggle switches is placed in the ON position. The remote control has 8 buttons.

1. ON/OFF (The whole machine and the flame lamp are turned ON/OFF.)

2. MODE1 ON/OFF (Fragrance mode MODE1 is turned ON/OFF. Fragrance mode stays for 2 minutes, stops for 3 minutes, then cycles for 2 hours and turned off automatically.)

3. MODE2 ON/OFF (Fragrance mode MODE2 is turned ON/OFF. Fragrance mode stays for 2 minutes, stops for 5 minutes, then cycles for 2 hours and turned off automatically.)
4. DIM (Inner glow brightness 0,30%,60%,100%).

**USER INSTRUCTIONS**

1. After unscrewing the bottle cap, place the ILLURE® essential oil bottle with the bottle stopper on the screw cap.

2. Install the screw cap with the ILLURE® essential oil bottle clockwise into the oil bottle installation port (do not install the machine aslant or upside down in order to prevent side leakage of the essential oil).

3. Turn candle over plug in the adapter for charging.

4. Toggle the switches to turn the machine on.

**\* Notes**

1. After installing the ILLURE® essential oil, place it in a safe and stable place and avoid inverting to prevent oil leakage.
2. When the machine is working, the ILLURE® essential oil bottle cannot be removed.
3. Different types of essential oils, humidity, temperature and indoor airflow will affect the scent effect.

#### LIMITED WARRANTY

Your ILLURE<sup>®</sup> candle is guaranteed to be free from manufacturing defects for a period of ninety (90) days from the date of purchase. We will replace your defective ILLURE<sup>®</sup> candle with the same or similar item. This warranty does not cover damage due to neglect, misuse, exposure to excessive heat or improper battery installation. Please contact us by e-mail at [mail@illure.com](mailto:mail@illure.com) for warranty information. Proof of purchase is required.

#### GENERAL CARE

Clean as needed with a soft, dry cloth.

#### CAUTION

Your ILLURE<sup>®</sup> Diffuser Candle is made of Real Wax and is flammable.

Do not attempt to light. Doing so could result in personal injury or damage to the light and electrical components. Your ILLURE<sup>®</sup> Diffuser Candle is intended for indoor use. Keep away from heat sources and out of extreme temperatures. Doing so may result in damage to the components or the wax and will void the warranty. ILLURE<sup>®</sup> candles and lanterns are breakable. Dropping can break or damage the candle and can also damage internal components, voiding the warranty.

This product contains small parts, which, if removed, can pose a choking hazard. Keep away from small children.

#### FCC COMPLIANCE

NOTE: This device has been tested and found to comply with the limits for a class B digital device pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. The device generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. There is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning this device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between this device and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

#### WARNING

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Using other fragrances not sold by ILLURE<sup>®</sup> or their partners can possibly effect the diffuser and void the warranty. Please note that all ILLURE<sup>®</sup> fragrances are made specifically for your ILLURE<sup>®</sup> candle. Other bottles from other manufacturers will not fit your candle.
